GLOBAL OUTREACH

SIERRA LEONE INITIATIVES

ACT TO IMPACT

\$20/MONTH

provides one meal a day for one month for desperately poor children

\$100

provides one child's education for an entire year

\$500

supports maternal and infant health services offered in our Bandawa Health & Maternity Clinic

\$2,500

builds a community village toilet for 300 people. Clean drinking water and sanitation means a dramatic reduction in child mortality.

\$5,000

allows SHGO and local villagers to dig a clean water well for an entire village.

Seven Hills Global Outreach's (SHGO) longest-running and most intensive partnership is with Zion Ministries in Bo, Sierra Leone. Zion Ministries supports the Bo region and its 22 surrounding rural communities of 12,000+ individuals through economic, educational, vocational, and healthcare services.

Zion Ministries and SHGO support local community needs by working to

Provide essential health services, with an emphasis on maternal and child health due to high national maternal and infant mortality rates

Initiate rural health education, trainings, outreach schemes, referrals, and triage protocols to address high rates of malnutrition due to high national maternal and infant mortality rates

Develop education, training, and treatment for nutrition and feeding

Provide primary, secondary, and vocational education for youth

Enable access to clean water sources and community sanitation

Support local economic development through microenterprise and beekeeping sustainability

Foster community development, local autonomy, and capacity building

SHGO's lifelong partnership with Zion Ministries is focused on the sustainable development of a Clinic-School campus. The campus centralizes a nutrition and feeding center, community meeting space, clean water well, primary school, and maternal-child health clinic on the same rural campus supported by staff living quarters, recreational space, agriculture, and more.

CONNECT WITH US

To get involved in SHGO's partnership with Zion Ministries in Sierra Leone, please visit shgo.org or call **508.755.2340**. To learn more about Zion Ministries, visit zion-ministries.org.

FAST FACTS

The Ebola crisis in West Africa devastated millions and set back healthcare developments. With the worst under 5 infant mortality rate in the world (UNICEF), and a population of 6.7 million and growing, Sierra Leone faces many challenges. Sustainable development requires comprehensive solutions that address education, health, and economic development.
